

# ILLINOIS CURE ACT

## SB3695/HB1

### NATURAL APPROACH FOR MENTAL WELLNESS

**The Compassionate Use and Research of Entheogens (CURE) Act creates a state-regulated psilocybin program allowing licensed facilitators to provide supervised psilocybin-assisted therapy to adults seeking treatment for mental health and neurological conditions.**

**Research suggests that over 80% of veterans experience significant improvement after participating in just one psychedelic program.**

BASED ON A STUDY CONDUCTED BY HEROIC HEARTS PROJECT

#### PROVIDES TREATMENT FOR:

- Post-traumatic stress disorder (PTSD)
- Depression
- Anxiety
- Substance use disorder
- Eating disorders
- Phantom limbs
- and other mental health and neurological conditions

## **PSILOCYBIN GRANTED “BREAKTHROUGH THERAPY” STATUS BY FOOD AND DRUG ADMINISTRATION (FDA)**

**Under the CURE Act, Illinois residents would gain access to a new and promising treatment option, offering relief where pharmaceuticals and other treatments have failed and potentially benefiting millions of people. Psilocybin will be available solely for supervised use, not for recreational use or retail sales.**
