SUPERVISED PRACTICAL EXPERIENCE

To Applicant: Copy form for additional supervisors, if necessary.

To Supervisor: Please complete this form indicating applicant’s supervised practical training. This form is not intended to document applicant’s total number of hours worked, but rather the hours of face-to-face supervision you have provided the applicant. **Please return this form directly to IAMAAT, 401 East Sangamon Avenue, Springfield, IL 62702.**

I hereby attest to the fact that I have provided the applicant face-to-face supervision for the number of hours noted below.

Clinical supervision is the process of assuring the professional is provided monitoring and feedback to assure quality MAAT services are being delivered. Realizing that supervision may take place in a variety of settings and have many faces, IAMAAT determined not to place limiting criteria on qualifications of a supervisor. Rather, it was determined that supervision should be as broadly defined as in the Center for Substance Abuse Treatment/Substance Abuse and Mental Health Services Administration’s Technical Assistance Publication Number 21. TAP 21 defines supervision/clinical supervision as: the administrative, clinical and evaluative process of monitoring, assessing and enhancing counselor performance.

Supervised hours are understood to be face-to-face supervision. Hours that the professional spends providing MAAT services are NOT counted as supervision.

Each core skill area must have at least 8 hours documented.

- c. Board Registered MAATPs shall not abuse alcohol.
- d. Board Registered MAATPs shall not financially exploit their patients.
- e. Board Registered MAATPs shall not abuse legal drugs.

Principle 2: Board Registered MAATP/Patient Relationships

In the provision of MAAT services, Board Registered MAATPs shall establish and maintain MAATP/patient relationships characterized by professionalism, respect and objectivity.

- a. Board Registered MAATPs shall not enter into treatment relationships with members of their own family, with close friends, with persons closely connected to them or others whose welfare might be jeopardized by such a dual relationship.
- b. Board Registered MAATPs shall ensure that services are offered in a respectful manner in an appropriate environment
- c. Board Registered MAATPs shall not charge or collect a private fee or other form of compensation for services to a patient who is charged for those same services through the MAATP's agency. MAATPs shall not engage in fee splitting.
- d. Board Registered MAATPs in clinical or treatment practice must not use their relationship with patients to promote personal gain or the profit of an agency or commercial enterprise of any kind.
- e. Board Registered MAATPs shall avoid continuing a counseling relationship (maintaining a case) for personal gain or satisfaction beyond the point where it is clear that the patient is not benefiting from the relationship.
- f. Board Registered MAATPs shall not give or receive a fee, commission, rebate or any other form of compensation for the referral of patients.
- g. Board Registered MAATPs shall not abandon or neglect patients in treatment and shall assist in making appropriate arrangements for the continuation of treatment, if appropriate, following termination, of treatment.

- h. If Board Registered MAATPs determine an inability to be of professional assistance to patients, they shall either avoid initiating the treatment relationship or immediately terminate that relationship. In either event, they shall be knowledgeable about referral resources and suggest appropriate alternatives and are not obligated to continue the relationship in the event the patient declines suggested referrals.
- i. Board Registered MAATPs shall terminate a treatment relationship, securing patient agreement when possible, when it is reasonably clear that the patient is no longer benefiting from the services. Additionally, termination is expected when services are no longer required, when treatment no longer serves the patient's needs or interests, or when patients do not pay the required fees.
- j. In promotional and marketing activities for services, Board Registered MAATPs shall respect the dignity and confidentiality of the patients.

MAATPs in all instances shall not engage in any sexual relationship, conduct or contact through means of any therapeutic deception.

- e. Board Registered MAATPs must use clinical and other material in classroom teaching and writing only when the identities of the persons involved are adequately disguised.

- g. Before confidential information is disclosed over the patient's objection, because of legal requirements, Board Registered MAATPs shall request to the court that the disclosure not be required and explain why disclosures are harmful to patients. Steps are taken to limit the extent of the unwanted disclosure. MAATPs shall not, however, be obligated to violate any state or federal law, or the order of competent jurisdiction.
- h. When a circumstance requires the disclosure of confidential information, only information that is essential is to be revealed. To the extent possible, patients are informed before confidential information is disclosed.
- i. At the beginning of the counseling relationship, Board Registered MAATPs discuss with patients the relevant limitations of confidentiality and the foreseeable uses of information generated through treatment services.
