Once all pieces of the application have been approved and the required fee received you will be notified by mail of the next available test date.

REGISTRATION MAINTENANCE AND RENEWAL

To maintain the high standards of the professional practice and to assure continuing awareness of new knowledge in the field, ICB requires RDDPs to renew their registration every two years. Professionals must notify ICB, in writing, of any change of address. They are required to pay a biennial registration fee and submit a copy of their current license as an Independent Practitioner and continuing education units (CEUs).

RDDPs will be notified that their registration is about to expire no fewer than 30 days prior to the expiration date. They will submit their biennial registration fee, current license, and CEUs to ICB by their expiration date. Forms for the documentation of CEUs are available on the ICB website and must be completed, signed, and submitted with proof of attendance. CEUs should not be submitted until notification of expiration. **CEUs will not be accepted by email.**

RDDPs may arrange a payment plan for the biennial registration fee by selecting a payment option on the fee statement provided to the professional. Such requests must be received **PRIOR** to the expiration date. If 45 days have passed from the expiration date without payment of the fee and/or submission of license or CEUs, the registration will be terminated. A non-response to the notices will result in termination of registration.

Continuing Education Policy

Ten (10) CEUs are required to maintain the credential and must be earned within the two-year credentialing period. CEUs are not transferable to any other credentialing period. CEUs obtained prior to the initial date of registration are not eligible to be used for maintaining credentials. CEU credit is only given once for a training event, even if it is repeated during different credentialing periods. A CEU is equivalent to one clock hour of instruction time. (Excluded is non-program time such as breaks, social hours, registration time, meal times). One college semester hour of credit is equivalent to 15 CEUs, one college trimester hour of credit is equivalent to 12 CEUs, and one college quarter hour of credit is equivalent to 10 CEUs.

All 10 CEUs, required to maintain registration, must be alcohol and other drug abuse and co-morbidity specific.

Examples of RDDP education are pharmacology as it relates to dual disorder clients, effects of alcohol and other drugs on dual disorder clients, dynamics of the addiction process as it relates to the dual disorder population, AODA modalities with dual disorder clients, medical treatment issues related to the dual disorder population, detoxification/withdrawal for dual disorder clients, relapse as related to dual disorder clients, AODA rules/regulations as it relates to dual disorder services, history of AODA relating to the dual disorder population, counseling approaches with dual disorder clients, attitudes toward dual disorder populations, roles and boundaries for the dual disorder field, and dual disorder special populations.

- Recognized sources of education include, college courses, seminars, conferences, and in-service trainings.
- Structured individual continuing education, such as the ICB Bibliocredit Reading Program and other self-study programs, are available for continuing education units.
- Research papers, accepted for publication, reading, or discussion at a professional meeting or conference, and professional publications qualify for continuing education. The topic must pertain to alcohol and other drug abuse/addiction and co-morbidity issues. The work can be counted only once, even though presented in more than one format or location.

Validation of Continuing Education

RDDPs must document they have obtained CEUs and submit the appropriate validation for each educational experience.

1. Certificates or other proof of completion for seminars, conferences, or in-service trainings.
2. Transcripts or other official grade reports for college or university courses.

Extension of Continuing Education Requirements

RDDPs unable to meet the continuing education requirements for renewal may request an extension, in writing. Extensions are \$10.00 per month for up to six months from the expiration date. To request an extension, professionals must include the biennial registration fee plus \$10.00 per month with a written request.

Extensions will not be granted beyond six months. If at the end of six months of extensions professionals have not met the requirements for renewal, their registration will be terminated. They will not be permitted to place their registration on inactive status. Reinstatement will be through completing the full credentialing requirement.

INACTIVE STATUS

ICB has established an Inactive Status to allow RDDPs, who are experiencing extenuating circumstances, a means to prevent their registration from expiring. Inactive status is for professionals who expect to be inactive for more than two years. This category allows them to avoid the full reapplication process.

Professionals in good standing unable to meet the continuing education requirements for registration maintenance due to health or extenuating personal reasons may place their registration on inactive status if they meet the requirements. The process for reactivation from inactive status will then be followed when they wish to activate their registration.

Eligibility for Inactive Status for those professionals who are:

- Registered and in good standing, i.e., current with fees, proof of licensure and continuing education units
- Moving to another state but remaining active in the dual disorder field
- Retired
- Pursuing academic coursework and not active in dual disorder work for the duration of such course work
- On extended military active duty
- Experiencing health problems
- Experiencing extenuating personal circumstances
- Leaving the dual disorder field and choosing not to maintain registration via CEUs

Insufficient hours of continuing education will not be accepted as rationale for requesting inactive status.

Procedure for obtaining Inactive Status

- Request “Inactive Status” in writing stating the specific reason(s) for the request
- Include documentation for eligibility in your request
- Surrender your current original RDDP registration to ICB. You will receive a letter from ICB acknowledging the registration is on inactive status.
- Pay a \$20.00 biennial fee.

During the period of inactive status, professionals are considered to be without ICB registration. They cannot refer to themselves in writing or verbally as “Registered Dual Disorder Professionals.”

Procedure for reactivating a certificate from Inactive Status

Dual Disorder professionals who have left the state and continued in the dual disorder field

- Submit a written request for reactivation to ICB
- Document fulfillment of requirements for registration under the laws/rules of the jurisdiction in which the work experience is occurring
- Submit payment of appropriate fees

Dual Disorder professionals because of a move back to Illinois

- Submit a written request for reactivation to ICB
- Submit payment of appropriate fees based on level of certification

3. Failure to provide proof of current license as an Independent Practitioner.
4. Failure to comply with the conditions of an extension by the expiration date.

Notification procedure for termination of registration:

ICB will give registered professionals written notice at least 30 days before the registration expires.

All requests for reinstatement must be put in writing and submitted to ICB. Telephone inquiries will not be accepted. A written response will be sent to the member.

APPEAL PROCESS

When applicants are denied registration, question the results of the application review, question examination results or are subject to an action by ICB that they deem unjustified, they have the right to inquire and appeal. If, after having been provided an explanation or clarification of the action of ICB, the applicants (complainants) still think that an action taken is unjustified, they may appeal. Complainants may appeal the decision within 30 days of receipt of the notice of denial or any other action deemed unjustified by sending a certified letter to the Executive Director of ICB, 401 East Sangamon Avenue, Springfield, IL 62702.

If applicants wish to appeal their examination scores, they must submit a request to ICB within 30 days of the postmark of the examination score report. Applicants will be required to pay a fee to re-score the examination. Applicants should be aware that examination security and item banking procedures does not permit them to have access to examination questions, answer keys or other secure materials.

DISCIPLINARY REVIEW PROCESS

RDDPs hold a unique position of trust and responsibility and must be aware at all times, of the ethical requirements imposed on them as a result of this special position.

ICB has established a “disciplinary review process” that provides an avenue through which complaints can be filed about the ethical conduct of ICB RDDPs or applicants to the ICB registration system.

If it is suspected that a breach of the Code of Ethics has occurred, it is suggested that this be brought to the professional’s attention first. If this does not result in a satisfactory outcome, the professional’s supervisor should be informed. If this action still does not result in a satisfactory outcome, an ethics complaint should be made to ICB.

The complainant will submit a request for an ethics complaint packet to ICB, 401 East Sangamon Avenue, Springfield, IL 62702.

The complainant will complete the packet and submit it to ICB. Once the ethics complaint packet is received by ICB the complaint will be investigated resulting in one of three findings.

- Dismissal of the complaint
- Return of the complaint to the Executive Director for further investigation; or
- Imposition of disciplinary action.

The complainant may appeal any decision within 30 days of receipt of the results of the complaint by sending a certified letter to the Executive Director of ICB.
